1	*Knock knock*
2	...!?
3	Manager!
4	...just..give me... a few... more minutes...
5	This is not the time to be sleeping!
6	wha.....what? What's going on?!
7	There's a big problem...
8	The hotel's supply of water is running super low.
9	If we don't do something, our guests won't have any water to use!
10	Ughh... it's my first day at work and there's already a problem...
11	Meet me at the basement once you're ready!
12	Good morning
13	My name is Tommy.
14	Like I mentioned earlier, our hotel's water supply is running low.
15	Let me take you to the basement where all our water is stored.
16	This is the hotel's central plumbing system.
17	Right here is where the entire hotel's supply of water is stored.
18	*...drip drip drip..*
19	Where exactly does our water come from?
20	Whenever it rains or when the snow melts...
21	water is collected in areas of land called watersheds...
22	Water flows downhill from the watersheds through creaks and streams...
23	...before it ends up at the local reservoir.
24	All of the water is treated and filtered before it reaches the hote-
25	*dripping intensifies*
26	Wait...listen...
27	*DRIP DRIP DRIP*
28	Do you hear that?
29	Hear what?
30	It sounds like... water dripping...
31	Oh my god. Look! Water is leaking from those pipes!
32	Hurry, fix the pipes. That's water being wasted right there!
33	I'll grab a bucket and collect the leaking water!
